The North American Brain Injury Society Presents

The 32nd Annual Conference on

Legal Issues in Brain Injury

With bonus registration to the 13th World Congress on Brain Injury!

Sheraton Centre Hotel
Toronto, Canada
March 13-16, 2019

Learn from both top trial attorneys and medical experts who will present a broad array of practical information covering:

- Understanding the latest diagnostic methods
- Validity of neuropsychological testing
- Comprehensive review of the latest medical literature
- Proving mild TBI
- Cutting-edge demonstrative evidence
- Using vocational experts to assess monetary value
- Effective life care plans
- Preparing a case for settlement or trial
  ...and much more!

Visit www.nabis.org
For over three decades, this conference has helped attorneys make the “unseen” injury visible.

DON’T MISS: BIGLER ON NEUROIMAGING

All practitioners will want to be sure they attend a special 2-hours session by Dr. Erin Bigler, a pioneer in the use of cutting-edge neuroimaging to demonstrate tangible proof of TBI. Attendees will benefit from Dr. Bigler’s comprehensive knowledge of the latest neuroimaging technology for detecting and proving brain injury.

This special session will aid the legal professional in completing a thorough damage assessment, will provide a “checklist” to understand your client’s injury, and will aid in identifying potential future risk areas for persons with brain injury.

Cutting Edge Information on Brain Injury Litigation from Top Trial Attorneys and Medical Experts

PROGRAM OVERVIEW

Attendees will learn the very latest developments in brain injury litigation at this three day, hands-on conference. For close to three decades, attorneys who represent clients with brain injury have considered this conference a “must attend” event.

LEGAL AND MEDICAL EDUCATION

Successful litigators know that to win TBI cases they need not only legal skill, but also a thorough understanding of the fundamentals of brain injury medicine and the latest diagnostic techniques.

That’s why this unique conference features an all-star cast of top trial attorneys and medical experts who will present a broad array of practical information covering the latest literature, diagnostic testing methods, rehabilitation, case management, trial techniques and cutting-edge demonstrative evidence.

No other brain injury meeting comes close to providing this level of in-depth clinical knowledge that is critical to a successful outcome for your clients.

REGISTRATION

The registration fee for this unique event starts at only $620. Plus, this year you can bring a second attendee at 1/2 price! Complete registration details can be found on the NABIS website, www.nabis.org.
